

Qualification Factsheet

The Lumina Community

The Lumina community of Practitioners are experts in their field. Joining this community will provide you with the support needed to design and deliver stunning, customised interventions, using the world class four colour Lumina Portraits and an environment where core knowledge is accessible at the click of a button. This is a very effective group of professionals who can design large scale, themed, learning interventions for your clients for both face-to-face and virtual delivery.

Qualification Overview

As a Practitioner, the Lumina Spark Qualification puts the full range of Lumina's inspirational and practical resources into your hands. This includes a portfolio of integrated Lumina Portraits for different application areas, supported by workbooks, job aids, PowerPoint presentations and e-learning as resources. Together, they collectively form Lumina's carefully distilled knowledge of industry best practice.

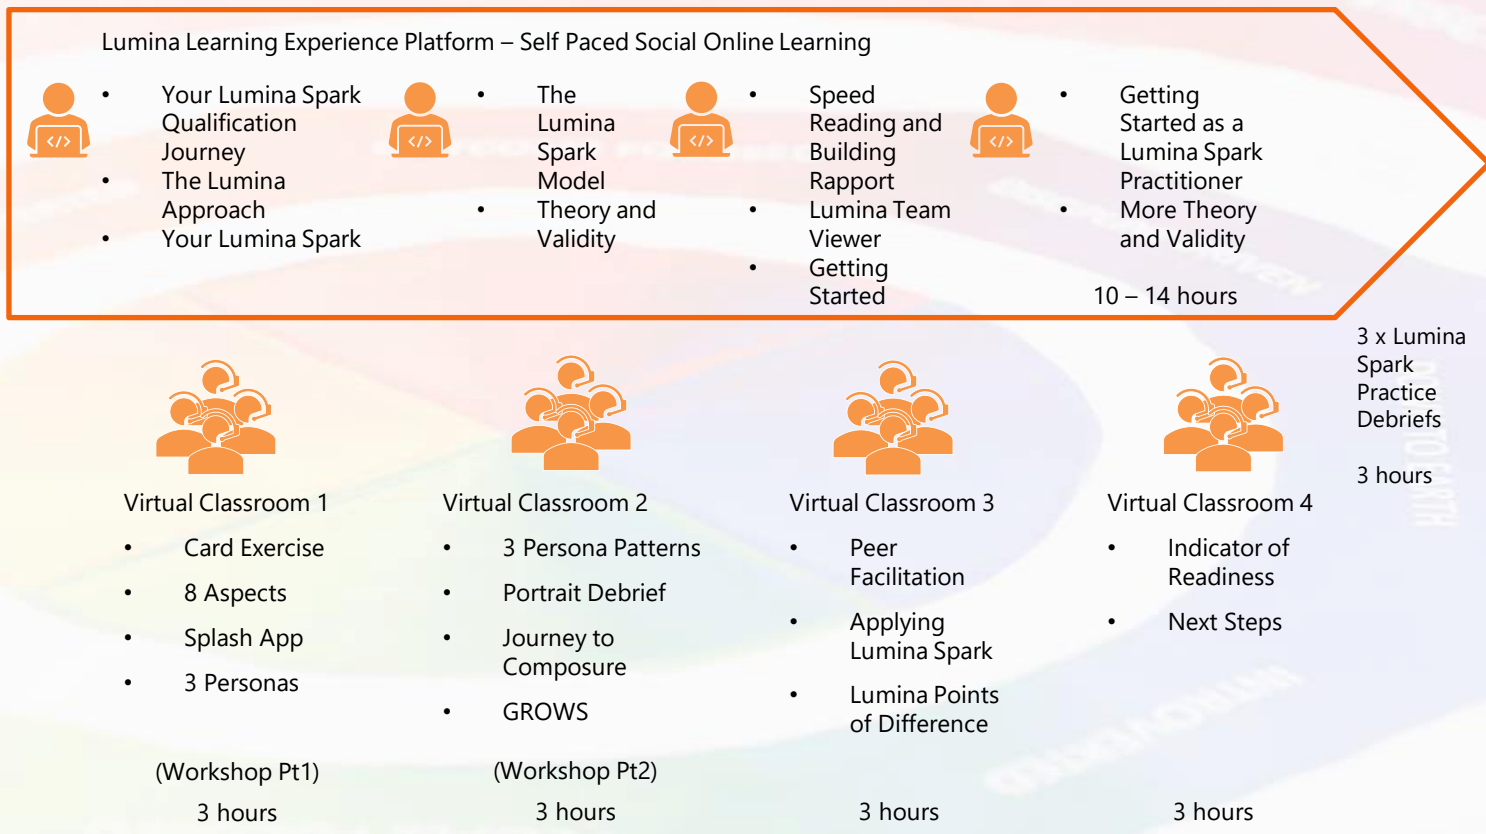

Combining this best practice with your knowledge of your clients' unique requirements results in learning design executed with a humanistic slant. Our Lumina Spark Qualification is available in a blended format ranging from fully virtual to fully face-to-face and everything in between. We ensure the learning journey allows ample opportunity for practical experience, so that at the end of the qualification the Practitioner is 'airborne' and ready to put their new found resources into action.
